

PACIFIC  
HOUSE OF MISSION  
VOLUNTEER APPLICATION

We esteem volunteers to be the very gears—the transmission!—of our Mission’s success. Volunteers of PHM come to realize they are fellow “owners” of the Mission itself, and if this is your intention too—to serve the mission of PHM and to be an integral member of its Team—please let us know!

- Yes, I believe this is me; I desire to serve the mission of PHM and be an integral member of its Team
- No or I can’t say just yet whether this is me or my intention; (explain): \_\_\_\_\_

VOLUNTEER APPLICATION

Let's say that a teenager approaches you with questions about your (or their) own journey with faith, church, salvation, or God. As a potential mentor-leader, how might you respond to that student; what specifically might you be able to share with them? (share with us!)

One paragraph: How do you feel about Catholics and Protestants and perhaps people of other Christ-centered traditions working together? Please share your enthusiasms-or-misgivings about these kinds of ministry settings.

One paragraph: What would you like to learn during your ministry service with this Mission; how would you like to grow; and are there things in teaming trainings you would especially like us to cover?

Please share any questions you might have for the leaders of Pacific House of Mission.
